

Job Description: Barge Master - Split Hopper Barge

Reports to: Superintendent / Works Manager / Project Manager during operations; Technical Superintendent during repair phases.

Position Summary: The Barge Master is the commanding officer on a Split Hopper Barge, overseeing its operation, crew welfare, and maintenance. The role demands a comprehensive understanding of maritime operations, environmental protection, and the safety management systems that are crucial for the barge's optimal functionality and the safe transportation of dredged materials.

Responsibilities:

- **Operational Leadership:** Maintains responsibility for the barge's operational strategies, ensuring efficient loading, transportation, and unloading of materials.
- **Crew Management:** Directs the crew's welfare, discipline, and training, ensuring that all personnel adhere to safety and operational standards.
- **Safety Oversight:** Upholds the utmost safety standards for the vessel, taking decisive actions to protect the crew, the cargo, and the environment.
- **Maintenance Supervision:** Oversees the maintenance of the barge to ensure that it meets industry standards and operates effectively without disruptions.
- **Environmental Stewardship:** Enforces regulations and company policies pertaining to environmental safety, minimizing the barge's ecological impact.

Normal Repetitive Tasks:

- Conducts daily briefings with crew and senior officers for the efficient execution of dredging and transport operations.
- Ensures all barge certifications and crew competencies are up-to-date in compliance with STCW requirements.
- Manages documentation and operational logs diligently, providing accurate reporting to the relevant authorities and company officials.
- Prepares the barge for safe passage and operations, including the verification of navigation and safety equipment.

Terms of Employment: Full-time, 6 months contract, rotational.

Benefits: Benefits package applicable or foreign service premium and travel allowance may be applicable when employee is travelling outside of home country

Location of Work: Argentina, Newfoundland, Canada.

Contact Information: info@do-jdn.com

Language of Work: English and Dutch (optional).

Skills/Education and Work Experience:

- Extensive experience in maritime vessel operation with proven leadership in navigation.
- Demonstrated capability in managing a vessel's crew and operational efficiency, with a strong focus on safety and compliance

Salary & NOC: 72602 - \$39.11 - \$98.61 .
